Course ADV 3 Saturday September 11th in Crawley  
4 week course Price £85

This course is designed for those people who are quite capable sewers, who have a particular garment they wish to make. For example, Evening wear, jackets, coats etc. It is a course aimed at advanced level students who are competent sewers, but who are wanting to create a garment with the help and supervision of a professional teacher / dressmaker.

You can bring your dressmaking "project" to the evening and enjoy experienced and personal supervision whilst you sew.

Advice and help will be on-hand during the evening, as well as the company of like-minded sewers.

You will need to bring all fabrics and accessories plus your sewing machine to each class -

But naturally... if you need something extra , you can pop downstairs to the shop and we will help you find it!

**IT IS ESSENTIAL THAT STUDENTS  
BRING THEIR SEWING MACHINE TO THE CLASS**
